Health Assembly, through the Programme, Budget and Administration Committee at its fortieth meeting;

- (a) to draft a Fourteenth General Programme of Work that is effective from 2025, includes a financing envelope, and articulates a strong results narrative which demonstrates the added value of WHO's normative work and technical support in achieving country-level impact, drawing on lessons learned from the Thirteenth General Programme of Work for approval by the Seventy-seventh World Health Assembly, through the Programme, Budget and Administration Committee at its thirty-ninth meeting and the Executive Board at its 154th session;
- (b) to develop a target funding envelope for the WHO investment round, based on the base segment of the financing envelope to deliver the draft Fourteenth General Programme of Work, minus the approved and expected assessed contributions;
- (c) to include an evaluation element in the planning of the WHO investment round prior to consideration of additional investment rounds.
