

AMR deliberations at People's Health Assembly-4 at Savar, Bangladesh

Antimicrobial Resistance was discussed in the PHA-4 at a subplenary, P3.3 on *Access to Medicines* on 18.11.2018 at BRAC CDM, Savar Bangladesh. The session was chaired by Dr. Mira Shiva and the panelists were Linda Markova, Amitava Guha and Nafis Faizi.

Earlier, the Third World Network with Health Action International Asia Pacific also conducted a self-organized workshop on *Challenges of Antimicrobial Resistance in the region* in which Nafis Faizi led the discussions. The report is available in [this newsletter](#).

AMR was also a part of the IPHU course on Access to Medicines conducted at Gonoshasthya Kendra, Savar, Bangladesh. The resources can be accessed [here](#).
